

ARIZONA STATE VETERINARY MEDICAL EXAMINING BOARD

STEPS TO OBTAIN A VETERINARY PREMISES LICENSE

*BEFORE providing veterinary medical services, an applicant must:

Fully complete the Veterinary Premises License Application

- ✓ Include **non-refundable** \$50 (even-numbered year) or \$100 (odd-numbered year*) application fee. Payable by certified/cashier's check or money order to AVMEB. **Cash is not accepted.**
- ✓ Include other required documents (if applicable):
 1. Detailed explanation if either the Responsible Veterinarian or premises owner has:
 - a. been charged or convicted of a crime;
 - b. had their Federal accreditation subject to disciplinary action; or
 - c. been subject to disciplinary action relating to licensure.

NOTE: The Responsible Veterinarian must meet one of these requirements: (1) be an Arizona-licensed veterinarian AND live in Arizona; (2) be an Arizona-licensed, non-Arizona resident veterinarian who only provides services at a temporary site in the state (i.e. mobile unit); or (3) a veterinarian who holds a special permit under A.R.S. 32-2217.01.

*Once you have submitted the application and correct fee (via the correct payment method), you may begin providing services! You do not have to wait until the license is issued to open!

What's Next?

Once you have submitted the veterinary premises application and required fee, the **Board staff will review the application for completeness.** The Board is allowed 30 days to complete this review; however, this step is generally much faster. You should expect a response within approximately one week following submission. You will either be asked for additional information that is missing or incorrect from your application or you will be notified that your application is complete and that you may begin to offer veterinary medical services. If the application is not complete, our overall required time-frame to issue the license stops until the requested information is received by the Board.

If your application is complete, you will be sent an acknowledgement letter and packet of the current Arizona statutes and administrative rules that apply to the Arizona State Veterinary Medical Examining Board which we suggest you carefully review. You may also review the Inspection check-list on our website.

Within approximately 90 days of receiving a complete application, the Board's Compliance Inspector will contact you to arrange an inspection of the veterinary medical premises. It is preferred that the practice has provided services and generated records before the inspection occurs. The facility/mobile unit/mobile clinic may be operating during the inspection, which generally lasts 1 ½ to 2 hours depending on the complexity and size of the facility. At the time of scheduling, the Inspector will answer any questions you may have about the process. The inspection is not a "pass/fail" process; **if any potential violations are noted, you will have the opportunity to address any issues before your application is considered by the full Board for approval.**

Aside from time spent waiting for additional information from you, including your response to any potential violations, the Board is granted 90 days in which to issue a license. If the premise is not operating and/or the premise owner/staff does not make the facility available for inspection during that time, you may need to submit a new license application.
